BBC ✓ Dube's Bulldawgs ✓ Misfits ✓ Round of 9 ✓
Sharp Shooters ✓ Ridiculous 6 X Jericho Outdoors ✓ Just the Tip ✓ Brilliant Budz ✓

New Items

Dues were collected at this meeting.

- Dan Croteau mentioned a lack of scorekeepers while we are playing. When possible, we still need people to score that aren't playing when possible.
- A discussion was had regarding when we get to the end of an 01 match. People need to be cautious and correctly input a bust versus a miss in the dart connect system. If all 3 darts miss the board and no score was hit, use the Miss button. If a player hits too many points, they "Bust" and the Bust button should be used.
- When scoring cricket on DartConnect, if a player hits three singles, it needs to be entered as three singles, not a triple. This does affect a player's stats and we would like stats to be kept as accurately as possible.
- Captains should not be making changes to player records on DartConnect. If a player's information needs to be updated, send the updates to Dan Croteau or Lucien LeVeille
- On Sept 18th (Week 2) the match between Dube's Bulldawgs and Sharp Shooters was not finished before the venue closed at 11:30pm. The match was scheduled to be completed on Sept 19th at 6:00pm At the Bowling Center.
- Mike Smith (Sharp Shooters) did not show for the makeup match. This resulted in a forfeit and caused a player to drive from Milan for nothing. If a player cannot make a match, they should let people know.
- During the makeup, it was observed that players were going outside for a smoke break between legs during their set. Players should try to schedule breaks such as bathroom, bar trips, and smoke breaks before their sets, not during. This holds up the matches.
- At the end of the night, please remember to send a picture of the completed match report sheet to Dan.

- \$260 was given to Dan Croteau to pay Invoice L-5113 for DartConnect. This covers only the Fall 2023 season (13 teams @ \$20 per team) Invoice was paid on October 8th 2023.
- DartConnect's feature of "Sudden Death" was discussed as an option to help speed up the matches in the American Division. Sudden Death can kick in after a number of rounds set by us. When Sudden Death kicks in, it gives us the option to do something like shooting for bull to determine the winner of that leg. If matches continue to remain overly long, this option may be revisited. It will require a vote before it is implemented.
- Another option was mentioned again to help speed up the American Division singles matches. The person with the star has option for bull. Winner of the shot for bull calls the game (301 DiDo or cricket) and only the one leg is played. This would also have to go to a vote before implementation.

- **Next Meeting will be November 7th at Fagins Pub 7:00pm**
